

### Young Learners at Regent Scanbrit in Bournemouth

At Regent we understand that *knowing about* English is not enough – we aim to give our students the skills and confidence to *successfully use English* now and in their future lives.

The Regent All English course creates a positive, inclusive community in which students are challenged to interact successfully in English.

#### Teams

Each learner belongs to a team, the team can win points for successful activities, good behaviour etc. which creates a positive course dynamic.

#### Community Activities

The morning assembly is a lively and energetic start to the day. In the evenings we arrange activities like Talent and Fashion shows, Scavenger Hunts and Casino nights etc.

#### English Classes

Small class sizes (max. 12). Students create a Personal Portfolio to record learning and achievements. They can also study for International Exams.

#### My Passion

In the interest based lessons students can explore their passions by learning about Sports or Performing Arts in English. This may include a debate about the Olympic Games or a study of a West End Musical. Students are grouped in the afternoon activities according to their passions.

#### Active Session

All English Study students have an active session in the afternoon filled with a variety of sports and activities.

#### Performance Project

In small groups students produce a week long performance project which culminates in making a student film, a drama, debate etc.

#### Homework

A homework session is held every day for exercises and revision.

Our core values shine through our programmes:

#### Positive

We believe that everyone can learn to use English proficiently; we push each student to become an effective communicator. We create a positive, enjoyable environment praising effort and attitude and encouraging every individual to achieve their best.

#### Inclusive

On our group courses every student is in several different classes or teams. We arrange *whole* course activities so that students quickly feel part of the group, and can connect meaningfully with staff and other students

#### Results focused

Our courses are educationally-led and designed to ensure robust progress. A coaching session, daily homework and weekly tests help students to set goals and visualise progress. At the end of the course students receive a Certificate and progress report.
