COURSE COMPONENTS

Literature Analysis – Students will study extracts of classic and modern texts. Sessions will include an analysis of stylistic traits, the language of literary commentary and critique and discussions on the social context.

Writing Workshop - This is a creative and interactive session in which the student will put into practice the themes and techniques already analysed. Students will look in depth into poetry, genre and literary strategies, cast a critical eye over the different authors and publishers and consolidate what they have learnt by doing it all themselves.

Arts and Culture - This will include a critical look at art and photography, a critique of modern cinema and television and whether these are defined by, or define our culture. Theatre will also be examined, particularly London and the West End. Finally, a taste of British music as a culture carrier will be discussed; viewing the lyrics as modern poetry and how this compares with more traditional prose.

Cultural Programme - The cultural visits will complement the content of the course, enabling students to experience first hand what they have been discussing. Activities will include a theatre trip, visits to the Ashmolean museum and Bodleian library, a trip to London and tours of historic Oxford and the colleges.

Plenary sessions begin each day with an inspirational message or insight into global culture. These are a great way to practise using English to influence others.

Coaching sessions are individual, tailor-made 15-minute weekly meetings with the tutor. These sessions are used to help students achieve their course objectives.
