

All English – Senior and Exam

Homestay courses for students aged 12-15

Regent All English courses give you a wonderful opportunity to develop your English language skills.

All English – designed around our student's interests

Students have Language Skills and Language Structure lessons, followed by Interest Based Learning which nurtures academic success, encourages critical thinking and utilises their interests in life

Belonging to our community

The morning assembly is a lively, energetic start to the day in which students learn and engage with staff and others.

Confidence in performing

The performance project challenges students to question the world around them and to discuss, compare and evaluate what they discover.

Releasing energy and talent

All students have an activity session filled with a variety of sports or other activities. We offer beach games, football, baseball, basketball, volley ball, nature walks and crafts amongst others. In the evenings we arrange lively activities like Talent and Fashion Shows, Murder Mysteries and Casino Nights.

Home stay accommodation

Students will stay with another student of a different nationality in one of our home stay providers. This gives them the chance to practise using their English in a natural environment outside of the classroom. Hosts all live within a 30 minute walk to the school.

Leadership and Teamwork

We place each student in an international team which encourages a sense of belonging and creates a safe and welcoming environment.

Students win Lion points for their team which creates competition and boosts students' confidence to join in, express themselves and present confidently.
