Become international with Regent

Our courses can be life changing for you in many ways – through exam or work success, by making life-long friendships or business contacts, or by seeing yourself as a different, more confident person in English.

The learning experience

We are passionate about your learning experience and we want you to leave us with significantly developed skills, confidence and performance in English.

We have a strong academic framework to help you learn quickly and effectively. We have a unique academic programme, with a syllabus linked to the Common European Framework. As well as grammar, vocabulary and pronunciation, we work on your spoken performance with tasks focusing on body language, voice quality and eye contact. We ask you to work in international teams to develop useful life skills and encourage you to take at least one exam. We set progress tests and structured homework tasks to provide clear support to your learning.

Your progress matters to us

You can expect to make good progress every week. We assess your abilities and help you clarify your goals, and set realistic and achievable sub-goals.

- We build your confidence
- We provide clear academic structure and rules to help you learn effectively
- We enable you to learn outside lessons

60 minute lessons

Lessons are 1 hour (60 minutes) long.

Individual attention

Courses have a maximum of either 6 or 12 students per class.

Course dates

Individual Tuition Programme 1:1

Individual tuition programmes are ideal for those who need to improve their English language skills for specific purposes or for those who need to make the fastest possible progress.

Home Tuition

Individual tuition in the teacher's home provides a total immersion into English language and culture.

Complete programmes for young learners

7-17 years

Every day is action packed. From morning to evening students are busy, learning and enjoying themselves.

Confident communicators

Since 1965 we have helped students master English and become confident communicators. Our courses are structured to be memorable, motivating and highly effective. We are passionate about our students' learning experience and ensure that students work hard to develop their skills, knowledge and confidence on the course.

From the moment our Young Learners arrive, Regent staff are on-hand to guarantee that they are active, learning effectively and taking a big step towards a successful future. On each course we ensure that students are engaged and communicating confidently in an English speaking environment.

Structured learning

On arrival students are tested and placed with students of a similar ability. The school day is structured to include activities that develop grammar, vocabulary and phonology, and provide practice in listening and speaking. Reading and writing tasks are often set for homework. Students gain enhanced communication skills, activating existing knowledge and building confidence.

Lessons finish, the learning continues

Throughout the course we encourage students to develop and practise their English skills – in the school common rooms, in the dining room, on the activities and excursions.

At the beginning of their stay all students are put into multi-national teams. This integrates all the nationalities encouraging friendships and the speaking of English.

On homestay courses, the learning continues in the evenings and at weekends which are spent with the English family.

A full day of entertainment

Every course includes an exciting leisure programme full of daily activities, sports and games.

Activities and events are divided into afternoon and evening programmes so that each day is well structured and offers students a stimulating and enjoyable environment.

The English Club Programme includes one full-day and one half-day excursion or visit to places of interest each week. The Intensive Club and Exam Preparation Programme include one full-day excursion every week.

The Home Tuition Programme includes two social activities per week.
