### **Definition**

Bullying is defined as "repeated behaviour with intent to hurt or intimidate others physically or emotionally". This can include physical harm, name calling, emotional intimidation, harmful rumours, ICT based bullying, texting etc.

### **Values and beliefs**

- All bullying is unacceptable, regardless of how it is delivered or what excuses are given to justify it.
- Instill recognises the detrimental effect on students who may be subjected to bullying and will work actively to minimise the risks, through trying to find out where it happens, how often it occurs and amending practice as a result.
- Victims of bullying will be treated in a supportive manner.
- The harmful effect on performance, which can be affected by bullying, is recognised and the organisation is committed to combating all bullying behaviour.

### **Action to Combat Bullying**

Among the activities which Regent has established and maintains to combat bullying are:

- Using sanctions against the perpetrators, ongoing support for the victim and monitoring of the bully's behaviour so that it no longer continues.
- All members of staff have a responsibility to respond to specific incidents, recording incidents and ensuring that appropriate aftercare and action is taken.
- That all incidents are recorded, filed appropriately and reported to Instill Corporate Office.
- Students will be made aware of the Anti-Bullying Policy and the need to tell someone if they are being bullied.

Individuals are expected to:

- Report all incidents of bullying.
