

Safety Guidelines and Rules for Students Under 18

Students under the age of 18 may not be supervised in the evenings and at weekends. We strongly advise and encourage junior students to spend time with their host families outside of school time. Our welcoming homestay hosts are more than willing to spend time with our students in the evenings and weekend.

Regent Language Training staff will always accompany junior students on social activities. However there may be short times of day when those under 18 need to get around without an adult, e.g. lunchtime or the time between afternoon activities and returning home. Our schools are open from 8.30 to 17.00 Monday to Friday.

Our schools are in safe cities, but it is important that students follow the rules below to make sure that you do not have any problems. **To comply with the law of this country, students under the age of 18 years require to be treated differently from adults. In the interest of student safety and to meet the requirements of the law, parents and students must be aware of, and comply with, the following stipulations:**
